

Scheduling Security, Lighting, Temperature and Reminders

Scheduling places the different features of the *empower* system into a routine, making simple tasks automatic. To go to the Schedule Control Menu, move from the Opening Screen to the Control Menu and select the programming icon to enter user programming. Select the Schedule Icon.

The Schedule Control Menu offers the following feature controls for scheduling:

- Security: Arm and Disarm the system at specific times of each day.
- Lighting: Turn On and Off individual lights at specific times of each day.
- HVAC: Temperatures can be raised or lowered at specific times of each day.
- Outlets: Turn On and Off individual outlets at specific times of each day.
- Aux: Open and Close auxiliary relays at specific times of each day.
- Audio: Activate or Deactivate individual zones at specific times of the day (if connected to a Smart Audio Unit).
- Reminder: Text reminders will appear on the Touchscreen at specific times of each day.
- Exit: Returns the user to the previous menu.

Scheduling Security

Select the Security Schedule Icon from the Schedule Control Menu to enter Security Schedule Menu.

To add a security schedule, select the 'Add' Icon from the Security Schedule Menu. Selecting 'Add' takes the user to the Weekly Schedule Menu. The Weekly Schedule Menu includes a control feature icon in the lower left-hand corner of the screen to select Security Status.

Adding a Schedule for Security:

1. On the Weekly Schedule Menu, select the days in which the schedule is to run by pressing the letter next to the check box representing the days of the week. A day of the week must be selected before a time entry can be made.
2. Use the Up/Down Arrows to toggle the '+' to the appropriate day checked off above and press the 'Time' Icon to set the time for the schedule. The '+' only appears if a day of the week is selected.
3. Select the Lock Icon to enter a valid security code. After a valid code is entered, the user can set the security level. The options are 'Away', 'Stay' and 'Disarm'.
4. The Weekly Schedule Menu is now complete for this individual schedule.
